

REMARKS

Claims 1, 16, 17 and 19 have been amended to clarify the invention. Claims 20-26 have been newly added.

Claims 1-3 and 16-26 are thus pending in the application.

In the Examiner's Interview on September 15, 2004, the claims were distinguished over Tani et al. by defining the maximum exposure period for a charge coupled device and not a shutter speed. The Examiner suggested that claim 1 should be amended to clarify the maximum exposure period. As provided above and consistent with the Examiner's suggestion, claim 1 has been amended to clarify the invention. Claims 20-26 are newly added method claims that encompass the claimed invention as set forth in claims 1-3 and 16-19.

Entry of the above amendments is earnestly solicited. Early and favorable first action on the merits is earnestly solicited.
